Education

University of Mary Washington

Bachelor of Science in Environmental Science

Fredericksburg, Virginia

Expected graduation date- Fall 2026

Wallace Community College

Associate of Science

Selma, Alabama

2018-2020

Experience

Wegmans

Pharmacy Technician

October 2024 – present

- Assist pharmacists with prescription processing, medication preparation, and inventory management on over 500 prescriptions per day
- Communicate with patients, providers, and insurance companies to resolve prescription inquiries and coverage issues
- Maintain accurate records while ensuring compliance with HIPAA and safety regulations
- Support efficient pharmacy operations in a fast-paced environment through attention to detail, multitasking, and teamwork

Ascension St. Vincent Hospital

Telemetry Technician

March 2021 – August 2022

- Monitored and interpreted cardiac rhythms on 10+ patients using telemetry equipment to detect abnormalities
- Reported significant changes in patient heart rhythms to nurses and physicians promptly
- Maintained detailed records to ensure accurate patient monitoring and safety
- Supported healthcare teams in a high-pressure environment through focus, precision, and collaboration

University of Mary Washington

Grounds and Gardens Intern

- Documented 15+ pollinator garden species, producing an educational *Plant Journal* shared with students and faculty.
- Compiled a database of 10+ grant opportunities worth up to \$200K, supporting future funding for campus sustainability projects.
- Created a *Green Move-In Guide* distributed to hundreds of incoming students, promoting recycling, energy conservation, and waste reduction.
